1. [] - GLC) Mr. Larry McHugh, on the staff of the Joint Economic Committee, called to determine our desires with respect to the Committee's publication of its study and monograph on Eastern Europe affairs. I told McHugh that we would like to follow the existing policy wherein general acknowledgement is given in the introduction of the study to the Agency (along with other departments and agencies making contributions) and the name of the author of each known graphic appears with his piece but there is to be no specific attribution of an employee to his employer. McHugh said they would continue to follow this practice.

Leedom wanted us to contact Reddan on this. I advised Ford that Colonel Hayden, of the Marine Corps, had been in touch with Mr. Maury concerning this and had suggested that Reddan call General Cushman directly if he wished to talk with him. 6. [] - LLM) Robert Hull, Department of State, called to ask for citations to the 1969 CIA Retirement Act amendments. He said they had received commitments on the Senate side that the equivalent House passed Foreign Service amendments would be taken up early in the Second Session. The Foreign Service bill also incorporates the three-month cost-of-living provision which because of the catchup effect would increase the annuities of those retiring up to two months after enactment by 9 percent, which Hull sees as an inducement to speed up retirements.

25X1

7. [] JMM) Met with Frank Slatinshek, Counsel, House Armed Services Committee, and briefed him on: the Middle East situation, movement in the Atlantic of the Moskva, and themes of some recent articles in Military Thought (an authoritative classified Soviet military publication.)

STATOTHR

Mr. Slatinshek asked if we had any information on the reported shake-up in DIA and the intelligence community which [] is supposed to be directing. I said I would look into this and let him know.

Turning to the MyLai incident, Slatinshek said that the Committee had developed evidence that a number of individuals had learned of the MyLai incident soon after it happened but had not reported it up the line. Slatinshek said it was surprising that nobody in the Agency had picked up this information, and he wondered whether we indeed hadn't known something about it. I said I was quite certain that when the Director testified several months ago before the Committee he was quite honest in saying that he had heard absolutely nothing about it. I said I was sure that none of our officers had any first hand information on the subject, and pointed out that if they had heard vague rumors about something of the sort they would hardly consider it the Agency's responsibility to investigate and verify; however, I said I would check into the question and let him know the results.

25X1 1. [] - JGO) Met with Representative Clarence Miller
25X1 (R., Ohio), who asked if I would advise him on the status of [] 25X1
25X1 [], of Lancaster, Ohio. In brief Representative Miller said that
25X1A Mr. [] had been in contact with one []

the Soviet Union. Representative Miller further advised that [] is 25X1
in Europe at present but will be back in touch on returning to the States.

appreciate our assistance. I told him I would check into the matter and be
back in touch early in the week.

25X1 2. [] - JGO) Met with Mrs. Edna Johnson, House
25X1 Armed Services Committee staff, in response to her request for informa-
tion concerning []. I advised Mrs. Johnson that
name checks had been run and search of the files made in August 1967 at
the request of a Senate office, in October 1967 for another government
agency, and again this week at her request with negative results. She will
prepare a reply for Chairman Rivers advising in effect that the Committee
had been unable to substantiate in any way [] claim of service 25X1
with Army G-2 during World War II. Mrs. Johnson appreciated our assistance.

25X1 3. [] - JGO) Met with Mr. Ralph Preston, House Appropriations
Committee staff, and delivered to him for Chairman Mahon the DCI's letter
concerning funding of the Radios. I also returned to Mr. Preston the
Director's letter concerning the last month's withdrawal for the Radios which
had been held until the Chairman's return to the city. In discussion with
Mr. Preston, Wednesday, 21 January, was tentatively selected for a visit to
Headquarters for general briefing on Agency organization. Mr. Preston will
stay for lunch if time allows. It was also agreed that we would try to schedule
a major portion of a day during the week of January 26 for a detailed finance
and budget briefing.

25X1 Services Committee staff, who advised that []

ment. Mr. Slatinshek told me she was given a very sympathetic ear and in
brief advised that she should seek medical assistance. He noted that
25X1 [] told him she was employed by the Government from 1944 to
1967, when she retired, first by the Army, then Air Force, and the Agency
for the last ten years of her government service. I thanked Mr. Slatinshek
for the information.

I briefed Mr. Slatinshek on the following items:

25X1 5. [] LLM) [] advised of a request from the Office of Public Services, Department of State, for Representative Joe Skubitz (R., Kans.) for unclassified information on George Habash, of the Popular Front for the Liberation of Palestine. 25X1A Mr. [] will supply the information on a nonattributable basis to State with a reminder that such work is well within the capability of the Library of Congress so that congressional requests can be directed to that source when appropriate.

25X1 6. [] - LLM) Attended a meeting chaired by the Director of Personnel to consider the next steps in the case of [], former contract employee of the Agency. It was agreed that Mr. [] would contact Representative James M. Hanley (D., N. Y.) to learn the outcome of his 25X1A last scheduled meeting with Mrs. [], this preparatory to a visit by Office of Personnel representatives with Mrs. [] to encourage her, once again, to file for disability retirement and to apprise her of her rights under BEC.

25X1 7. [] - JMM) Accompanied [] Deputy Chief 25X1A FE Division, to Mr. William Woodruff's office where [] reviewed and sanitized the transcripts of the closed Senate discussion on Laos. (See Mr. [] Memo for the Record.)

25X1A

25X1 8. [] JMM) Called on Senator Milton Young and briefed him on developments over recent weeks regarding Soviet weapons, Sino-Soviet relations and the Middle East.

25X1 9. [] JMM) In response to his earlier request, delivered to Russ Blandford, Chief Counsel, House Armed Services Committee, figures extracted from National Estimates over the past three years projecting the Soviet ICBM deployment.

I explained to Blandford that, as a result of an agreement designed to avoid unnecessary duplication, the Agency concentrated on following arms shipments within the Communist Bloc, and DIA assumed responsibility for covering arms shipments throughout the free world. I therefore said that DIA was in a better position to answer his request for a roundup on free world arms traffic. This seemed to satisfy him.
